

# King County Fire Protection District #47

## Exposure Packet

**CONTACT DISTRICT HEALTH & SAFETY OFFICER's Kevin Higgins &or Matt Soper IMMEDIATELY!**

This packet should be opened in the event on an on-the-job medical exposure. It contains guidelines for the following exposures (choose the most appropriate one):

1. Airborne Pathogens
  - Meningitis
  - Tuberculosis
  
2. Bloodborne Pathogens
  - Needle Sticks
  - Eye Splashes
  - Mucous Membrane Contamination

The “Exposure/Contamination Form” is included in this packet and is to be filled out by employee and the DHSO.

All forms to be completed and forwarded prior to leaving at end of the call on which exposure occurred.
